**ADMISSION OPEN**

**FOR SESSION 2020-21**

**Arts | Commerce | Science**

## FROM THE DESK OF DIRECTOR

Every child is like a seed which has the potential to grow if it is nourished with love and care under the right guidance. In the current challenging times it is essential that children should not only excel in academics but should also develop courtesy, discipline, smart personality, social sensitivity and be imbued with the traditional values and culture of our country. Childhood is the best time to lay the foundation of the core values essential for the overall development of the future citizen of tomorrow.

Fogaat Public school is a friendly school where each and every student is understood, valued and attended too. Our students are provided with the state of the art facilities like well-equipped science laboratory, computer laboratory and audio visual room. Equal attention is given to the development of the children both academically and in extra-curricular activities like different sports, yoga, cultural activities, etc. Year by year the efforts of all our staff and students have taken the school forward in terms of excellence. The school has progressed in leaps and bounds. Today we stand as one of the noted educational landmarks in the heart of Faridabad. We offer our students a stress free learning environment which encourages creativity and critical thinking.

At Fogaat Public School we are dedicated to exhaustive quality learning and are

utterly committed to a continuous process of improvement for the benefit of the students. We are always open to refreshing views and suggestions which can add more value to the students of our school. We believe in exposing the children to as much as possible. This is the last haven for the children to be children. It is a peaceful ambience where children can efficiently absorb knowledge and assimilate it to result in understanding.

“Education is not just about the subjects that are learnt and taught in school. Becoming educated is not restricted to being in school and then in college, gathering certificates and feeling proud of oneself. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth”.

## Dr. Satish Kumar Fogaat Director

M.A. (English, Philosophy), Honours in Hindi,  
D.Ed., B.Ed., Ph.D
